Memorandum to the Parties and the Docket File

Docket No. 2020-186-E

Mrs. Alley v. Dominion Energy

Allison Minges forwarded a voicemail on Monday, August 24, 2020 from Mrs. Alley to me. Mrs. Alley stated that she had had trouble getting a FAX through on the Commission FAX machines before. She also stated that she wanted to respond to Dominion's motion and the due date was Saturday, August 22, 2020. She wanted to know whether that meant she had to send it in on Saturday, or whether she had until the following Monday. However, she did not leave a telephone number, but merely said she would call back. I never talked with her directly, but I am entering this memo in an abundance of caution.
